FYN In Person Learning Days

Description

This interactive full-day event invites participants to pause, reflect, and re-energize their professional journey. Throughout the day, participants will explore current realities across the Government of Canada, strengthen their ability to create positive and inclusive work environments, and develop a practical action plan to support their career growth.

By the end of the day, participants will be able to:

- Gain a clearer understanding of the current GC work environment
- Demonstrate strategies for creating positive, inclusive, and collaborative workplaces
- Define concrete next steps for professional growth
- Build connections and expand professional networks

Time: 8:30 a.m. to 4:30 p.m.

Location: This event will be delivered in person. See table below for details

Registration: <https://forms.office.com/r/hBS0NvEVWE>

Session

Finding Your Place in the Public Service: Realities, Successes, and Purpose

Description: This workshop introduces participants to the current GC work environment by acknowledging the current challenges and highlighting recent successes and positive impact.

Objectives:

- Describe the current GC work environment
- Recognize the value of early career contributions
- Reflect on personal values, interests, and motivations
- Understand how their role connects to public service goals and their own career journey

Working Well Together

Description: During this workshop, participants will build the skills needed to contribute to positive, inclusive workplaces.

Objectives:

- Identify what contributes to a positive and respectful work environment
- Understand generational differences and similarities
- Apply practical strategies for working effectively with others
- Develop confidence in navigating workplace dynamics

Shaping Your Path

Description: Participants will explore how to identify career goals and growth opportunities within the GC.

Objectives:

- Identify their current skills, strengths, and development areas
- Explore career possibilities and learning opportunities within the GC.
- Set achievable short-term career development goals
- Create a personalized and practical career action plan

Speed Mentoring:

Description: Participate in four 15-minute rounds of speed mentoring with experienced professionals.
