Be the change you want to see in our organization.

You are invited to the Materiel Group Diversity & Inclusion Whiteboard Session where we will:

- reflect, process, and share some key points from Town Hall
- ask questions that weren't address because of time constraints
- have courageous conversations on what it means to consciously create a diverse and inclusive workplace at Materiel Group

Do you want to build your knowledge on diversity and inclusion?

Leave this session with a resource guide filled with definitions and self-study tools.

When you actively participate in the life and people of our organization you are being a part of the change.

We are looking forward to igniting inclusion and action with you.

Brought to you by our L1 Diversity and Inclusion Working Group.

Jam sessions will be planned every 3 months so we can continue to audit and co-create the plan.

Upcoming dates will be announced soon for May and July (student session).

At Materiel Group, we are dedicated to diversity, inclusion and belonging, striving for equity for all. It empowers us to make better decisions for our organizations and for Canadians. From our leaders to our members, we can all do better together. Let's take action and co-create lasting change. Inclusion means everyone, always.
